Norway Has Made the Test

Norway People Will Get the Benefit.

There's nobody in Norway any better known than C. E. Bradford, and in giving his experience with Doan's Kidney Pills, for the benefit of Norway kidney sufferers he has nothing whatever to gain.

Why experiment with unknown or imitation kidney remedies when you have such a good reason to try Doan's?

Prift by the test Mr. Bradford has made for you.

C. E. Bradford, prop. laundry, Main St., Norway, says: "At times I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. I got Doan's Kidney Pills at Stone's Drug Store and after using two boxes, the pains left and I was greatly improved in every way. I have had no kidney trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bradford had. Foster-Milburn Co., Props., Buffalo, N. Y.

POEMS READ AT 12th REUNION.

Beautiful Norway Lake. When beauty paced her favors fine, O'er landscape far and near, The heritage that I call mine, Most lovely doth appear.

The morning sun, with loving eye, Sends brightest beams across; And fleeting clouds that scurry by, Like fleecy wraps here toss.

'Tween verdant hills, at noonday rests, This wondrous scene before me, And the wind its strength bestows, White caps toss, its shores before.

The sunsets gorgeous golden glow, Makes wondrous bright the scene; Or, should the wind its strength bestow, White caps toss, its shores before.

Here row and sail and motor boat, Speed blithely o'er the wave; Or, silently along, now float, The fishermen, so grave.

For rest, and sport, thou hast thy charms, Thou lovely island lake. It seems as though, no strength of harm, Thy peaceful shores could wake.

A top the hill, they do create A kind of state, o'er mountains great Is found their worth the same.

An author, near the western shore Built a summer home, due to see. He must have reached the ocean o'er Good stories, too, writes he.

Beyond these shores our father's wrought And felled nature's home they sought, To make way now, for these.

And here their children, first were taught; Their later work, were we; Their labor with good results were fraught As now, we plainly see.

We prize this spot of memories dear, From heritage of beauty here, So dear to every heart.

BOSTON & MAINE RAILROAD

Notice Concerning Change in Milk Rates

The Boston and Maine Railroad, subject to the approval of the Public Authorities, plans to revise its charges for transporting milk. Some points have rates only by passenger train service, others only by freight service, and some points by both. Where a freight rate exists, it is three-fourths of the passenger train rate. There are also variations in the rates at different points similarly situated.

The result of all this is to give much lower rates from Maine and Northern New Hampshire, than from Vermont, on shipments to Boston. For example, Foxcroft, Maine, 256 miles from Boston, has a leased car freight rate of \$37 a day; while a similar shipment from Vergennes, Vermont, 213 miles from Boston, pays a passenger rate of \$63.96 a day.

The Management of the Railroad believes the freight rate should be abolished and that the passenger rates should be rearranged to give the same rate to localities similarly situated. With that end in view it has prepared a new tariff lowering rates in some cases, raising them in some others and doing away with the freight rates in all.

In Considering the New Rates Remember

1. THE NEW RATES ARE LOWER THAN THOSE CHARGED BY OTHER RAILROADS ENTERING BOSTON, AND LOWER THAN THOSE INTO NEW YORK OR ANY OTHER LARGE CITY WHICH OBTAINS ITS MILK FROM A DISTANCE.

2. NO CARLOAD RATE TO ANY POINT WITHIN 165 MILES OF BOSTON IS INCREASED. THOSE BETWEEN 75 AND 150 MILES ARE REDUCED TO MAKE THE BASIS UNIFORM.

3. THE LARGEST INCREASE AT ANY ONE POINT ON THE CAN RATE TO BOSTON IN BAGGAGE CAR SERVICE IS TWO CENTS FOR AN EIGHT AND ONE-HALF QUART CAN, LESS THAN A QUARTER OF A CENT PER QUART.

4. THE LONGEST JOURNEY OF ANY LEASED CAR TODAY IS 284 MILES. THE LARGEST INCREASE TO BOSTON ON THE LEASED CAR RATE OF THE LARGE SHIPPERS IS LESS THAN ONE-THIRD OF A CENT A QUART. THIS IS FOR A DISTANCE OF 300 MILES. FOR SHORTER DISTANCES THIS INCREASE IS SMALLER.

Cream retails at from three to six times the price of milk, this price being fixed on the amount of butter fat it contains. Cream is now carried at the milk rate. If it is damaged or spilled the railroad must pay the owner the cream price. Because of this the new rate for cream has been made one and one-half times the milk rate.

SOUTH WATERFORD.

A SUNSTROKE ON FAIR GROUNDS. Graphically Described by Our Aged Friend.

It has doubtless been reported to you that I was a victim of sunstroke on the County fair grounds on Wednesday last.

I met this attack about one o'clock p. m., while walking in the broad road for general travel leading through the track gates toward the grand stand on the west side.

I had no premonition of such an event as I remember, more than the general intensity of the heat. I do not remember when I sank unconscious to the ground nor have I any idea how long a time I remained unconscious.

I remember of speaking to some Waterford friends before I went down and after that, of finding myself on my back on the ground, a number of people, some of them personal friends from Harrison, looking at me and asking me questions.

But no one seemed to be doing anything for my relief, when all at once a new person appeared to my view, a stout man in policeman's uniform who took command of the situation at once. He asked me where I wished to be carried. "To the home of Mrs. Fannie Frost," I answered. "All right, it is right near the fair grounds," he said. He seized my right hand which I clasped firmly, and putting his left hand under my head he raised me to my feet, and in less than a jiffy he had me in an auto by his side.

His arm around me with an order to the chauffeur to go to Mrs. Frost's residence opposite corner of the fair grounds.

On our way around to the Frost home I asked the name of my alert and efficient rescuer and was told it was Horace Kimball, head of the local Union.

He told me to his inquiry as to my identity, I gave him my name, when we were both surprised and glad to discover under circumstances so appealing, two old Harrison near neighbors and friends, but so many years living in different and distant towns as to have become strangers to each other. I met a cordial welcome from Mrs. Frost and her family, who kindly tendered me the shelter and comfort of their hospitable home, where I was resting and waiting for the return to Waterford of the Hannan auto truck by which I went, in a party of ten to the fair. We started on our return trip about 3:30 p. m. and I come home very comfortably, not apprehending any adverse results of my sun or heat prostration on the fair grounds.

Since I came home that Wednesday night I have been constantly ill from the shock to my physical system of that terrible stroke and I have been under constant medical treatment and attention today. I know you will not be indifferent to the facts I have stated, even as a matter of mere news connected with the fair. I wish in particular, you will send your reporter to officer Horace Kimball and show him this, my statement of facts concerning my mishap at the fair and timely rescue by a good Samaritan of the Norway, or Oxford County police.

With sincerest regards, GRANVILLE FERNALD.

A WOMAN'S SECRET How to Keep Young

No one has yet discovered the "Fountain of Youth," but the way to keep young was discovered sixty years ago. Every woman should know about it, and use this simple means of warding off old age. A fresh complexion, a smooth, unwrinkled skin and clear eyes may be retained until late in life, by taking proper care of the stomach, liver and bowels. If you live simply, breathe deeply; exercise enough; sleep enough, and take "L. F." Atwood's Medicine to correct the little ills, you will make woman's secret of keeping young, your own.

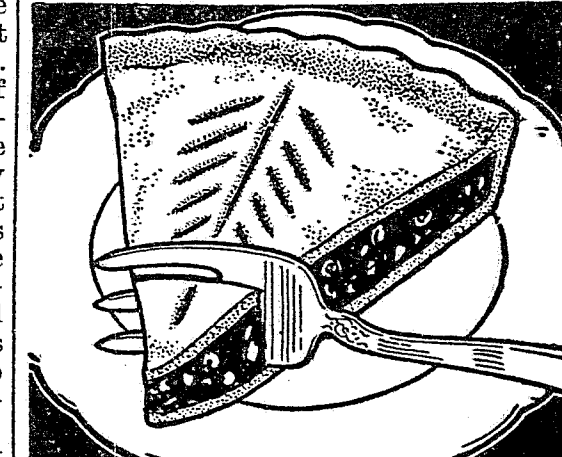

I have used your "L. F." Atwood's Medicine for stomach and liver troubles and it gave me speedy relief. All the members of our family use it at times and always find it effective. I recommend it to anyone having liver or stomach troubles.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Fancy articles, aprons, candy, ice cream were on sale. Supper and concert in church. A fine social time was enjoyed and a goodly sum was realized, which encouraged the young people, as this was their first attempt to hold a church fair. It is hoped they will have the hearty support of the people in their efforts to aid the church work. Those who were privileged to talk with Miss Holmes, who has lately returned from Honolulu and was present that evening, found her very interesting.
